

360 TRAVERSE WALL (Up to 15 people and 4 years +)

This activity area should only be entered when the group is booked to do so.

Individuals who have completed the Self-led/Instructor-led activity registration form for 360 Traverse Wall must be present for the entire duration of the activity.

For Self-led activities, please arrive at the activity office 10 minutes before your session start time to collect keys/equipment. At the end of your session, please return these back to the activity office promptly.

For Instructor-led activities, please meet your instructor at the activity area at your session time.

All activities involve risks of some kind, but with good training, proper equipment and responsible leadership, these risks can be minimised to provide adventure and fun for everyone.

360 TRAVERSE WALL OPERATING GUIDELINES

1. 360 Traverse Wall must conform to Policy, Organisation and Rules ("POR") of The Scouts.
2. An individual who has completed the 360 Traverse Wall Self-led/Instructor-led activity registration activity form must be present, for the entire duration of the activity.
3. You must be no taller than 1.6m/5ft 2in in height and weigh less than 60kg (132lbs/9 1/2 stone).
4. Everyone should be advised not to climb higher than the bottom layer of holds on the climbing surface.
5. No loose jewellery, key chains or scarf/neckerchieves worn around the neck.
6. Suitable footwear must be worn.
7. When using the 360 Traverse Wall you should do so in pairs with one person Traversing while the other is spotting.
8. Step off or climb down from the 360 Traverse Wall at all times.
9. Spectators must keep off the red mats and stand away from the area.
10. Only one person may climb on each side at a time.
11. For group management, an additional competent adult should be present supervising the individuals that are not engaged on the activity.
12. Everyone must ensure safety at all times.
13. The session will be stopped immediately should any of these guidelines not be adhered to.
14. If there is a change in the weather/environment or the equipment/activity becomes unusable the session must be stopped immediately.

Spotting: is a technique used in climbing, especially in bouldering, where the climbers are close to the ground and ropes are not typically used. The spotter stands below the climber, with arms raised or at the ready, if the climber falls, the spotter does not catch the climber, but redirects the climbers fall so they land safely.

ACTIVITY EQUIPMENT / AREA DEFECTS

It is important to check the equipment and environment is safe before starting your session. Any defects before, during or after your session must be reported to a member of Hertfordshire Scouts staff and reported via the QR code form.
